

# Cover Letter

Dear Hiring Manager ,

I am writing to express my interest in the Senior Software Engineer position. I am a self-motivated and progress-driven Senior Software Engineer with a good background in this industry. I have developed and executed strategies that I believe will bring value to your company.

Skilled Professional with 5 years of experience in the industry, I am confident in handling various responsibilities by prioritizing my tasks, establishing clear deadlines, and finding creative solutions to eliminate obstacles. My experience has equipped me with the necessary tools to succeed in this position:

- SDLC Management
- Software Development
- Programming

I have worked and gained good knowledge in my tech stack, which includes JAVA, and frameworks like Spring, Spring Boot, Angular. Able to work with both relational and nonrelational databases, I have gained proficiency in working with InfluxDB, MySQL, MongoDB, and Postgres. I have good hands-on industrial knowledge of Javascript and web development technologies, tools like Docker, etc. Along with this, I have worked with cloud platforms like AWS.

While I am grateful for the opportunities afforded to me in my prior position, I am ready to embark on a new career path that offers new challenges for me to put my skills to use.

Please take a look at my enclosed resume for more details about my work experience and qualifications. I'd like to speak with you more about the position, and I look forward to hearing from you soon.

Sincerely,

Shruti mondeala
